

==== Instructions ====

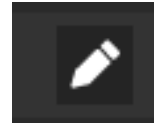

MINE Editor

developed by Ubium Oy

Story's pages

1. At the editor's area. Assure you are in the

Edit menu. The icon of **Edit** menu is:

When an icon is highlighted in blue it indicates the menu that is active.

2. Inside the **Edit** menu you find a submenu

titled:

. To work with this submenu, it should be open.

This is the open

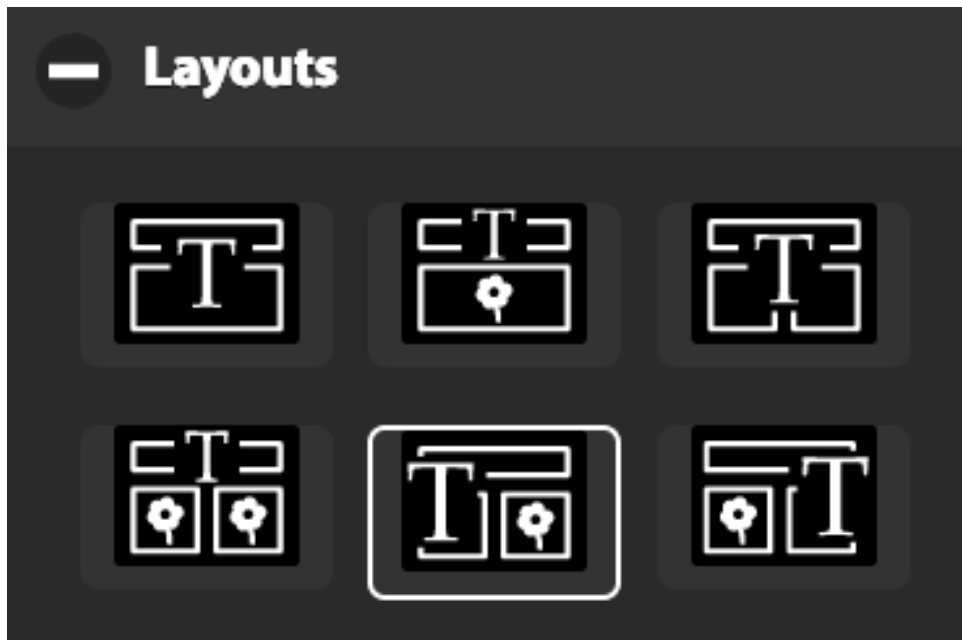

symbol, and this is

closed

3. Currently there are six available layouts.

You can explore them and utilise the one that suits you better:

T means text, and the flower  means photo.

The video shows the different layouts
